# Oury Clark litigators specialise in complex international litigation and city business disputes

We have a strong international focus and are conversant with the languages, laws and procedures of a number of foreign jurisdictions. Charles and Geoffrey have been recognised as “Leading individuals” in the Chambers Guide to the Legal Profession and other legal directories. They have a combined 62 years’ experience gained in senior positions and as partners in City of London law firms, specialising in complex dispute resolution.

Oury Clark litigators specialise in resolving complex commercial disputes of all kinds. We conduct High Court litigation, domestic and international arbitration and alternative dispute resolution. We also act frequently as co-ordinating counsel, in multi-jurisdiction disputes and have access to a comprehensive network of highly respected foreign law firms skilled in the practice of litigation.

Oury Clark litigators are able to offer a unique and innovative commercial approach to the conduct of high value litigation. Due to the nature of our practice, we will in most cases not be conflicted from acting for or against banks and other city financial institutions. We are also able to provide a legal offering which is flexible and adaptive to our client’s needs which is not always possible in large city of London law firms.
